AT A GLANCE — ■■■■■ ■■■■

*Morphed Photo Scam: Digitally edited photos uploaded as progress proof — work not done on ground.
OTP Abuse: Divisional Accountants handed OTPs to computer operators. Government accountability fully outsourced.*

Ch.4B | AS/FS ID █████ ██████████ █████ HO Credential ██████████

AS/FS ID Delay Scam & Head Office Credential Bribery

Physical AS/FS Oct 2025 — IFMS ID April 2026: 6 █████ ██████████ FS-ID key to treasury payment █████ Contractor █████ secret bytes — HO █████ ██████████ Operator HO credentials █████ instant FS-ID █████ IP Audit trail █████ ██████████ █████ ██████████ █████

Physical AS/FS: Oct 2025. Tender: Jan 2026. Work Order: Jan last week. First bill attempt: Apr 2026 — FS-ID absent. AS-ID applied 6 months late. Contractor gets secret bytes, approaches HO. Certain operators hold HO login credentials and generate FS-ID for bribe. IP Login Audit can expose this trail.

Ch.5 | █████ ██████████ ██████████ — WAM █████, IFMS 3.0 ██████████ ██████████

Black July — WAM Shutdown, IFMS 3.0 Not Ready

2 Jul: IFMS 3.0 ██████████ 6 Jul: ██████████ WAM payment █████ 10 Jul: WAM ██████████ 1 Aug: Portal ██████████ — Vendors ██████████, Security deposits ██████████, Bills ██████████

2 Jul: Training + IFMS 3.0 announced. 6 Jul: Last WAM payment. 10 Jul: WAM fully shutdown. 1 Aug 2026: Portal still broken — vendor names missing, security deposits not integrated, bills completely stopped.

Ch.6 | IFMS 3.0 — ██████████ █████ ████████████████████, ██████████ █████ ██████████

IFMS 3.0 — Secure on Paper, Hollow on Ground

Vision: Maker-Checker-Approver █████ Reality: 90% XEN login ██████████ █████ ██████████ █████ operator ██████████ roles █████-████████████████████ ██████████ ██████████ ██████████

Government vision: Maker-Checker-Approver three-tier verification. Ground reality: 90% XEN cannot login to IFMS inbox. OTPs given to operators. One external operator performs all three roles — the system's soul destroyed.

Ch.6A | ██████████ Delegation Matrix — ██████████ █████ Statutory Compulsion ██████████ █████

Ideal Delegation Matrix — 10 Tasks, 3 Officers Each

10 tasks █████ █████ task-wise delegation: AS&FS;: AE/SDC→Div Auditor→XEN █████ Sanction: Div Auditor→Div Accountant→XEN █████ TS/BOQ/Package/WO/Abstract: AE→TA→XEN █████ ██████████ ██████████ ██████████ Statutory Circular ██████████ ██████████ — ██████████ ██████████ ██████████

Technical expert proposed framework: AS&FS; / Vendor Bill / Refund: AE/SDC → Div Auditor → XEN. Sanction: Div Auditor → Div Accountant → XEN. TS/BOQ/Package/WO/Abstract: AE → TA → XEN. Government issued NO statutory circular mandating this delegation — fatal omission enabling monopoly operator.

Ch.6B | Digital Signature ██████████ ██████████ — XEN █████ DSC Computer Centre █████

Digital Signature Abuse — DSC at Market Computer Centres

██████ XEN login ██████████ ██████████ DSC ██████████ █████ computer centre ██████████ Operator XEN ██████████ DSC ██████████ roles █████ IT Act 66C: 3 ██████████ ████████████████████

No XEN has logged into IFMS. Their DSC (Digital Signature Certificates) are kept at market computer centres. Operator signs as Maker, Checker AND Approver using XEN's DSC. IT Act 66C: using another person's digital identity = 3 years imprisonment. This crime occurs daily in government offices across Rajasthan.

Ch.7 | 1 August 2026 — 4 Documented Bugs — Official Complaint Unanswered

1 August 2026 — Portal Status: 4 Documented Bugs

Complaint email: employeehelpdesk.ifms@rajasthan.gov.in — ██████████ reply ██████████ Bug 1: Vendor list ██████████ Bug 2: Security Refund balance absent █████ Bug 3: July Report

non-responsive ■ Bug 4: Disbursement Engine blank ■

Official complaint to employeehelpdesk.ifms@rajasthan.gov.in — no reply. Bug 1: Vendor selection list incomplete, not alphabetical. Bug 2: Security Refund balance not showing. Bug 3: July Monthly Report section non-responsive. Bug 4: Disbursement Engine WAM page completely blank.

Ch.8 | IFMS Helpline — ■■■■■■ ■■■■, ■■■■■■ ■■■■

IFMS Helpline — No Contact, No Solution

Helpline numbers non-responsive ■ Email silent ■ NIC support ■■■ Escalation matrix ■■■■■ Officers WhatsApp groups ■■■■

All helpline numbers non-responsive. Official email employeehelpdesk.ifms@rajasthan.gov.in silent — formal complaint with 4 bugs + screenshots sent, zero reply. NIC support desk non-functional. No escalation matrix. No dedicated 24x7 line. Officers resort to WhatsApp groups.

Ch.8B | ~200 ■■■■ ■■■■■■ — ■■■■■■ ■■■■■■: ■■■■■■ ■■■■■■■■ ■■■■■■

~200 Rescinded Contracts — Zero Recovery: Named Defaulters Walk Free

■■■■ ■■■■■ ■■■■■: (1) ■■■■■■ Bridge, ■■■■■■■■ — rescinded, ■■■■■ ■■■■■■ (2) Kotada Road, ■■■■■■ — rescinded, cost unrecovered ■ (3) Gannon Dunkerlay — established company, walked free ■ ~200 rescissions — zero monitoring ■ Rescission = ■■■■■■ ■■■■■■

Three named cases: (1) Bhairavji Bridge, Banswara — rescinded, risk-and-cost tender floated, ZERO recovery. (2) Kotada Road, Udaipur — rescinded, differential cost UNRECOVERED. (3) Gannon Dunkerlay & Co — large established firm, contract rescinded, substantial dues UNEXERCISED, company walked free. Statewide pattern: ~200 rescissions, zero systematic recovery monitoring. Rescission is a paper threat, not a financial one.

Ch.8C | Recovery Portal ■■■■■■ ■■■■■? Legal Pursuit ■■■■■■ ■■■■■? — Impunity ■■■ Architecture

Why No Recovery Portal? Why No Legal Pursuit? — Architecture of Impunity

Q1: Recovery Portal 15 ■■■■■■ ■■■■ ■■■■■ ■■■■■? ■■■■■■■■ visibility = accountability — ■■■■■■ system ■■■■■ ■■■■ Q2: Legal pursuit ■■■■■■ ■■■■■? Negligence ■■■ Complicity — ■■■■ ■■■■ ■■■ payments ■■■■ ■■■■ recovery ■■■■ ■■■■ ■■■■ Limitation periods expire ■■■ ■■■■ ■■■■ 5-point framework: Portal 90 days; Legal notice 30 days; Litigation register; Limitation alerts; Same-officer = ACB referral ■

Q1: Why no Digitised Recovery Portal despite 15 years of digital infrastructure? Because it would make every non-recovery visible and attributable to a named officer — exactly what the system avoids. Q2: Why no legal pursuit? Two explanations: Gross Negligence OR Complicity — the same officer who processed payments refuses to initiate recovery. Limitation periods are expiring unnoticed. Five-point framework: (A) Recovery Portal on IFMS in 90 days; (B) Legal notice within 30 days of rescission; (C) Litigation Register monthly updated; (D) Limitation period auto-alerts; (E) Same-officer overlap = automatic ACB referral.

Ch.9 | ■■■■ ■■■■■■■■ ■■■■■■■■

Seven Immediate Reforms

1.Statutory Delegation Gazette Notification ■ 2.Citizen Transparency ■ 3.DSC ■■■■■■■■ ■■■ ■■■■■ 4.Mandatory Training ■ 5.Portal bugs deadline fix ■ 6.24x7 Helpline ■ 7.Independent Monitoring Committee ■

1.Statutory Delegation Gazette Notification. 2.Citizen Transparency portal. 3.DSC with officer only — computer centre = IT Act offence. 4.Mandatory training before portal access. 5.Portal bugs fixed with deadline — NIC accountable. 6.24x7 dedicated helpline + working email. 7.Independent Monitoring

1.Delegation RTI■ 2.AS/FS Backdating CAG Audit■ 3.IP Login Audit→ACB■ 4.XEN Login Sting■ 5.DSC Location Check■ 6.Live Helpline Test■ 7.Morphed Photo Expose■ 8.Public Audit■ 9.One Operator Three Roles■ 10.Recovery RTI■
